

Seattle Girls' Choir

Chorus Lines Newsletter

The Chorus Lines Newsletter is put out once or twice a semester and provides important information on current and upcoming events. When published, it will always include an updated calendar for your reference. If you would like an issue addressed in the Chorus Lines or would like to submit something please email the Communications contacts found on the Volunteer Organization Contact List in your handbook or on line.

We will often add timely information in other parent mailings so please open upon receipt and browse through all enclosures.
